

This form serves as a guide to establish the CRS-FATCA classification and residence(s) for tax purposes of an entity as defined as per the *Canadian Income Tax Act* ("ITA") and provides the requirements on the documents or forms to be obtained in order to certify the client's status. Depending on the CRS-FATCA status established for the entity named in this form, it may also be used to collect the information on the beneficial owners who own or control the said entity.

The US "Foreign Account Tax Compliance Act" ("FATCA") and the international "Common Reporting Standard" ("CRS") whose principles have been incorporated into the ITA aim to counter tax evasion by requiring financial institutions to exchange tax information internationally. In order to comply with these regulatory requirements, National Bank of Canada and its subsidiaries (the "Bank") are required to establish the classification and the status, as the case may be, of the entity that holds an account with the Bank.
